

# **HURRICANE GARBAGE POLICY**

## **Proper Disposal of Garbage/Trash Before Hurricanes**

Owners wanting to clean out their Refrigerators and Freezers before Hurricanes **cannot use the office dumpster for garbage disposal**. All garbage must be bagged in heavy duty bags and either left in the Freezer to refreeze when electricity is restored or left in the garage, patio, fenced in yard or unit to be disposed of after the storm has passed and normal garbage collection has resumed. The Jefferson Parish Dump, located at 400 David Dr. (between Airline and West Metairie) will accept garbage.

## **DON'T LEAVE GARBAGE ON CURBS TO BE PICKED UP**

The Dumpster must be kept empty for the Association to dispose of storm debris.

**Violations of this Policy will result in an Assessment to all Owners to cover the cost of garbage removal.**
